VDI|VDE|IT

WE have ambitious objectives

Strengthening

Germany`s position as a centre for innovation

Improving the performance

of the academic system

Creating

an innovation system that enables the private sector to compete globally

Promoting young talent

in a qualified, sustainable way

Mapping out

a liveable society

Solutions for the innovation process

Project management

of funding programmes associated with technology and innovation policy

Management of administrative offices, networks and processes

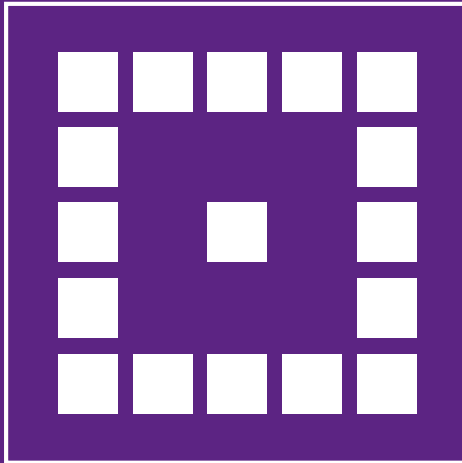

for implementing innovation policy in the private sector

Provision of scientific services

through our Institute for Innovation and Technology

Fast
and
flexible

We ANALYSE innovations

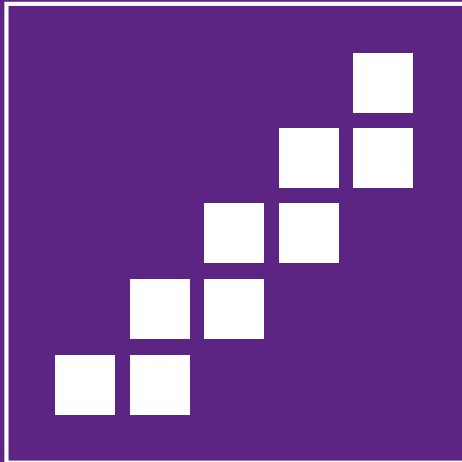

We evaluate programmes associated with technology and innovation policy

We identify leading technologies and develop analytical tools

We develop policy recommendations

We develop strategy roadmaps

We PROMOTE innovations

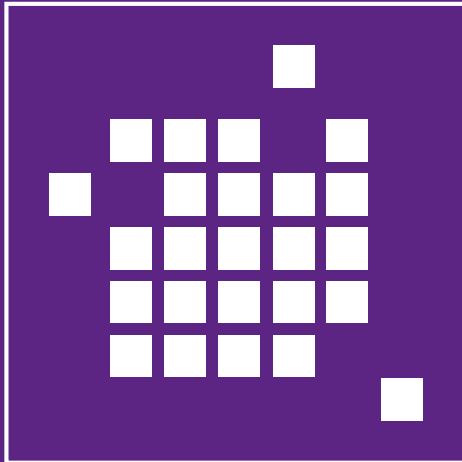

We oversee and manage projects

We advise on the development of research programmes

We encourage research institutions and industrial companies to submit proposals

We audit funding projects

We ORGANISE innovations

— We remove barriers to innovation

— We connect people and organisations

— We organise information events, workshops,
conferences and competitions

— We publicise what has been achieved

Our nine thematic fields

Innovation Policy

Energy and
Sustainability

Digitalisation and
Artificial Intelligence

Health

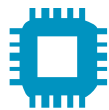

Regional Transformation
and Clusters

Business and Work

Science and Education

Electronics

Mobility and
Infrastructure
